The News.

The steamship *Illinois* arrived at New York yesterday, bringing California mails to the 6th inst., and $1,495,000 in treasure.

We have later South American news, which partakes of the usual revolutionary character. A terrible conflagration at Valparaiso, Chili, destroyed three millions worth of property.

The Missouri Legislature permanently organized yesterday, by the election of a Speaker, and received the Governor's message.

Senator DOUGLAS and wife, were among the passengers of the steamer *Isabella*, which arrived at New York, from Havana yesterday.

A suspicious looking schooner, suspected of being a fillibuster, escaped from New York, day before yesterday.

The New York breadstuffs market remains steady and unchanged. In our own market dressed hogs are lower, but other articles remain about the same as last reported, with light receipts. The weather is extremely disagreeable, a drizzly rain falling nearly all the while, and the roads and streets in a most horrible condition.

☞ The trial of the Russian generals, accused of peculation during the campaign in the Crimea, is to commence in January. The principal witness is a French corporal, retired from the service, who was taken prisoner in the Crimea, and having by accident discovered where a sum of 100,000 roubles was concealed, gave information to the Russian authorities.

☞ The London *Athenæum* notices that Mr. J. MATRICE SOLOMON, a member of the Jewish race, has taken honors in four out of the five subdivisions of the degree of B. A., in the University of London—being the first time such a thing has been done.

THE LONDON TIMES.—The Boston *Traveller* says with much truth, that when the London *Times* condescends to speak of us and our affairs, the usual characteristics of its remarks are "great ability of manner and great ignorance of facts."

NOT SO PLEASANT.—We hear that Lieut. MAURY, of Washington City, who is supposed to know everything about the weather, has predicted that we shall have but ten perfectly clear and pleasant days this winter.

Judge Noggle—Bar Meeting.

The Members of the Bar of Columbia and the adjoining counties, in attendance upon the Special Term of the Columbia County Circuit Court, now in session, united in a festive meeting at the Veeder House on Thursday evening, the 23d of December instant. About fifty members of the Bar were present and manifested their appreciation of the sumptuous supper which had been prepared for the occasion. After supper was ended, the meeting was organized by the choice of Hon. B. S. Dott, Chairman, and Emmons Taylor, Secretary.

G. W. Hazleton, Esq., then moved the appointment of a committee to prepare and report Resolutions, expressive of the gratification of the members of the Bar at the manner in which the Hon. David Noggle had discharged the duties of presiding Judge at the present term of the Circuit Court, which motion was carried.

The Chairman appointed G. W. Hazleton, Esq., of Columbus, Hon. G. C. Prentiss, of Portage and E. P. Smith, Esq., of Beaver Dam, as such committee, who after a brief retirement reported the following preamble and resolutions:

The members of the Bar of Columbia and adjoining counties, being convened at a festive meeting at the Veeder House, in the city of Portage, (at which His Honor David Noggle, is present, by invitation,) and being persuaded that some acknowledgment is due to our learned guest for the service which he has rendered the Bar, the litigants and the citizens of this county and vicinity as presiding Judge of our Court at the present special term thereof, therefore,

Resolved, That our acknowledgments are justly due to the Hon. David Noggle, Judge of the First Judicial Circuit, for the distinguished courtesy, impartiality and ability with which he has discharged the responsible duties, of presiding Judge at the present special term of the Circuit Court for the County of Columbia.

Resolved, That this preamble and resolution, as an expression of the sentiments of the members of the Bar here convened, be published in the newspapers of Columbia county, and a copy thereof, be entered upon the records of the Court.

On motion the resolutions were adopted with unanimous cheers of approbation.

His Honor, Judge Noggle responded to the resolutions in an exceedingly happy and appropriate speech.

After which speeches were made, toasts proposed and anecdotes related by different ones present until a late hour, when the meeting adjourned. B. S. DOTY, Ch'n.

EMMONS TAYLOR, Sec'y.

AN UNCALLED FOR PARDON.—The Baraboo *Republic* does not like the recent pardon of Wm. Millard who was sentenced to the State Prison for five years for the murder of Joseph Davis of Prairie du Sac. The *Republic* says: "As the general feeling at the time of his trial was that his sentence was very light, this interference of the Executive clemency is viewed with anything but favor either in this place or Sauk City."—*Mil. Wisconsin.*

The papers in the above case, before the Governor comprises a very clear letter from Judge Collins, recommending the pardon on the ground that the homicide was prompted by fear, and not by malice.

Also a petition by Millard, setting forth his version of the case, which is endorsed by the District Attorney, and the Justice before whom the examination was held.

Also a certificate from the State Prison Commissioner, setting forth Millard's general good conduct, and his "brave and noble" conduct in assisting to quell an incipient insurrection in the prison.

Also a petition by the foreman of the Jury and about 100 other citizens of Sauk county.

The papers altogether make out as strong a case for pardon as has been presented to the Executive.—*Madison Journal.*

GOOD APPOINTMENT.—As our paper is going to press we learn of the appointment, by the Governor, of L. E. Saxton as Sheriff of this county, in the place of Geo. R. Nichols resigned. Mr. Saxton was the choice of the people at the November election, but owing to illegality of the election, could not obtain it under that election, but Mr. Nichols has been prompt in answering the known wishes of the people by resigning and giving the appointing power the opportunity of appointing the person the people chose.—*Mauston Star.*

Missouri Legislature.

ST. LOUIS, Dec. 29.

The Missouri Legislature was permanently organized yesterday, by the election of Mr. Caffery, Dem., for Speaker, Mr. Mosely, Clerk of the House, and Mr. Hough, Secretary of the Senate.

WASHINGTON, Dec. 29.

Advices have been received here that the sloop-of-war St. Mary's arrived at Guaymas on the 15th, just in time to prevent the expulsion of Col. Stone's surveying party from Sonora.

THE TRANSIT ROUTE.—The transit route, in connection with the Detroit and Milwaukee Railway, is doing a fine freight business. The schooner *Milwaukee Belle* arrived from Grand Haven Tuesday night with 130 tons merchandise, and the propeller *Michigan* went out the same night on her second trip, taking 289 barrels of pork, 149 barrels flour, and a considerable quantity of leather, hides, and wool. The *Michigan* made her first trip without difficulty in 24 hours, and no doubt she will be able to make three trips regularly every week during the greater part of the winter. In case more freight should accumulate, here at any time than, the propeller can carry, the *Belle* and tug *Notter* will be in readiness for such an emergency.

BENEFIT CONCERT FOR THE MUSICAL SOCIETY.—Our Musical Society repeat, by request, *tonight*, the excellent Concert they gave last week. There will be additional attraction in the first appearance of a young American lady of this city, whose voice is a superb one and who has enjoyed the advantages of a thorough Musical education. The design of the Concert is to give our Musical Society a *substantial* token of the estimation in which they are held by the Milwaukee public. During the past year, their expenses have outrun their receipts; but they have persevered, nevertheless, in their efforts to keep up their concerts and to cultivate a refined musical taste in our community. The Society is an honor and an ornament to our city, and deserves the countenance and support of the public.

THE NEW CHARTER.—The Convention has closed its labors and perfected the new Charter, which is next to be reported to the Common Council, and then submitted to the People. While the instrument, as a whole, seems to have been generally acceptable to the Committee and is regarded as a decided improvement on the present Charter, many of its provisions are open to serious objection and will with difficulty secure the popular approval. We have no disposition, however, to prejudge the question, but will reserve our comments until the new Charter is printed and submitted to public examination.

SINGULAR RAIL ROAD ACCIDENT.—The engine drawing the train on the La Crosse road, Saturday night, westward bound, just as it was leaving Orange, struck two oxen that were on the track. The train being under good motion, threw one of them into the ditch, killing it at once. The engineer supposing the other was in the same fix, ran into Tomah, six miles from Orange, and the other ox was then discovered on the platform, under the head light, with his legs fast, unable to move. All hands turned to, and helped the poor beast off.

NEW YEAR'S EVE.—To-morrow, Friday, evening being the eve of the New Year, the Light Guard Company commanded by Capt. J. L. HATHAWAY, have a *Soiree* at the Newhall House, which will be an elegant affair, and promises to be largely attended. Persons wishing carriages are requested to leave their addresses at the Livery Stable of BUTLER & POST, at the foot of Mason street.

Engine Co. No. 6 also give their Annual Party the same evening, at Albany Hall, and as their friends are numerous, and their programme an attractive one, will also have a full house.

COMPLIMENTARY SOIREE AT THE HYATT HOUSE, JANESVILLE.—By an announcement in another column, it will be seen that the friends and patrons of the Hyatt House, Janesville, intend giving a party there on the 14th of January, as a token of respect to the proprietors, the Messrs. FLOYD. The Chicago Light Guard Band will be in attendance, and arrangements have been made with the Rail Roads to convey parties invited, to and from Janesville, at half the usual fare. The names of the gentlemen who have the management of this party in hand, are a sufficient guarantee that it will be one of the grandest affairs of the season.

WATCH THIEF ARRESTED.—Saturday a colored man named HENRY YOUNG stole a $100 watch at Racine, and made tracks for this city, where he was arrested day before yesterday by Chief BECK, in half an hour after receiving information of the theft by telegraph from Racine. YOUNG was arrested at a Pawn Broker's shop, where he was endeavoring to dispose of the watch. He says he won it while gambling.

ARRESTS.—Eight of the young bloods who took part in the bombardment of the dance house in the Fifth Ward, Christmas night, have been arrested, and the police are on the track of a few more of them. They were arraigned in the Police Court yesterday morning, and gave security for their appearance next Tuesday, when the case will come up for examination.

POULTRY AND GAME.—We are indebted to Messrs. G. W. FOX & Co., of No. 6 Market Square, for two or three brace of Partridges and Quail. They keep a very extensive assortment of Poultry, Game, Fish, &c., and are reliable and most accommodating dealers.

LATE CALIFORNIA PAPERS.—We are indebted to Mr. MOTT, of the American Express Office in this city, for late California papers, received by the Overland Mail.

COMMON COUNCIL.—At the meeting of the Board of Aldermen on Monday evening, the chair presented a communication from Byron Kilbourn, in relation to the proposed change of grade of Spring and West Water streets, and recommending that the execution of the work be deferred to a future time, when the property owners could better meet the expenditure. It was referred, with some other papers of a similar purport, to the Joint Local Committee of the Fourth Ward.

The chair presented a notice of action in the suit of the Bridgeport Savings Bank against the La Crosse and Milwaukee Railroad Company; also a communication from the City Clerk, with the summons and complaint of Daniel Schultz against the city of Milwaukee for salary as Chief Engineer of the Fire Department, which were both referred to the City Attorney, but the vote upon the latter was afterwards rescinded and the matter postponed for the present.

One or two resolutions extending grading contracts, adopted by the other Board, were concurred in. The resolution to allow Henry Nunnenmacher a balance of one hundred dollars for filling the crossing of River and Biddle streets, Seventh Ward, was concurred in by a vote of 7 to 1, Alderman Lindwurm voting in the negative.

An ordinance, entitled "an ordinance to establish the grade of certain streets in the Sixth Ward of the city of Milwaukee," was read twice, and on motion of Ald. Lindwurm, the rules were suspended, the ordinance was read a third time and passed.

Ald. Lindwurm, from the committee on plats reported in favor of concurring in a resolution, adopted by the Board of Councillors approving of the plat of Byron Kilbourn's addition, being a subdivision of part of lot No. 85, of lots 2 and 3, section 21, T. 7, R. 22.

The resolution was concurred in as recommended.

Ald. Lindwurm, from the joint local committee of the Sixth Ward, to whom was referred the affidavit of David Knab, in relation to two Street Commissioners' certificates, issued in 1854, against lot 11, block 29, in the (now) Sixth Ward which he had lost, reported a resolution instructing the City Treasurer to pay over to David Knab the amount justly due to him, as set forth in the affidavit, provided, however, said D. Knab will give to the Treasurer a proper bond of indemnification, to the amount of three hundred dollars; which was concurred in.

The Board discussed the subject of an Engine House for Germania Co., for an hour or less, during which time various reports, resolutions and amendments, and so on, *ad infinitum*, were submitted, and as usual, all laid upon the table, so that the matter now rests just where it was six or eight months ago, when the Council first took the subject into consideration.

Ald. Lindwurm, from the Joint Local Committee of the Sixth Ward, to whom was referred a petition asking that the fire company in the Sixth and Ninth Wards, be permitted to have the same privileges as other fire companies in the city, and a resolution in accordance therewith, presented the following report:

"We are of the opinion and do believe that the present number of fire companies are more than enough for this city, both as to number and cost of maintaining, and that this Council should not take any action whatever in the organization of more new companies at this time."

Ald. Keogh said there had been a petition from the First Ward laid on the table, asking the Council to sanction the organization of a fire company in that ward, where it was much needed. The First Ward would shortly demand to be placed on the same footing as other wards in this respect.

Ald. Dousman moved that the report be laid on the table; which was lost by the following vote:

Ayes—Ald. Carroll, Dousman, Keogh, and Niedermann—4.

Noes—Ald. De Vos, Lindwurm, Phelps, and Plankinton—4.

The question, on adopting the report of the committee, was then put by the chair and rejected.

Ayes—Ald. Carroll, Lindwurm, Phelps, and Plankinton—4.

Noes—Ald. De Vos, Dousman, Keogh, and Niedermann—4.

A resolution offered by Alderman Lindwurm was adopted, instructing the City Comptroller to report to the Board at the next meeting the amount of taxes collected and paid into the city treasury, on the amount levied for the year 1857, in the First, Second, Third, Fourth, Fifth, Sixth, Seventh, Eighth and Ninth Wards, also, on account of general city tax, sinking fund, old debt interest fund, state and school tax, and on street commissioners certificates issued by the several Wards for the year 1857; the report when made to exhibit the balance of tax remaining unpaid for the different funds as reported by the Treasurer to the Comptroller, August 1st, 1858.

Another resolution was adopted, offered by Alderman Phelps, to the effect, that the City Treasurer be requested to lose no time in filing his bond, as required by the resolution passed in May last, by the Common Council, and as required by chapter 8, sec. 1, of the City Charter.

Sundry accounts passed by the Board of Councillors and audited by the Comptroller, were allowed, and others reported correct by their respective committees, were allowed and referred to the Comptroller, when the Board adjourned to the next regular meeting.

THE ATHENEUM—JOHNSON'S BENEFIT.—The Complimentary Benefit given to Mr. JOHNSON, at the Atheneum, on Tuesday evening last, was an ovation of which any manager might well be proud. The spacious Hall was crowded with a gay and appreciative audience, such as is very rarely seen at entertainments of the kind in this city. The opening piece, the "School for Scandal," was remarkably well put upon the stage and cleverly acted. The leading parts were all more than respectfully sustained, while Mr. JOHNSON, as "Sir Peter Teazle," gave us another finished performance. The after-piece limped somewhat, and as for the dancing the less said about it, the better.

On Monday evening next, Miss IRVING, a very good actress, takes a benefit. She has strong claims upon the public which we hope to see recognized on that occasion.

THE ORPHAN FESTIVAL.—Notwithstanding the inclemency of the weather and the muddy state of the streets, there was a large attendance at the orphan festival last night. It was for the benefit of the St. Rose's Orphan Asylum, and we think a handsome sum must have been realized for the orphans. At nine o'clock the hall was getting pretty well filled up, and nearly all were enjoying a merry dance to the music of KNOLL'S Band. Those gentlemen who had charge of the festival are entitled to much credit for their exertions to make it successful under such discouraging circumstances.

POLICE COURT YESTERDAY.—A ruffianly looking fellow named Dennis Nickols, was convicted of committing an assault and battery upon an old woman, and fined $10 and costs.

Eight young men were brought up on the charge of disorderly conduct, in connection with the row in the Fifth Ward Saturday night, and at the request of their counsel the case was adjourned to Tuesday morning for examination.

One or two other cases of disorderly conduct were also adjourned.

IN ADVANCE OF THE MAIL.—McSORLEY, of 36 Wisconsin street, has our thanks for New York papers, as usual, in advance of Uncle Sam.

A CARD.—At a special meeting of the members of Rough and Ready Engine Co. No. 4, held at their house on the evening of the 28th inst., the following resolutions were unanimously adopted:

Resolved, That we tender our hearty thanks to Messrs. Mabbett & Conover for their gentlemanly treatment in arranging their spacious hall for our convenience and enjoyment, at our annual Ball, and that we cordially recommend them to all in the dancing line, as doing full justice to all who call upon them.

Resolved, That our thanks are also due to Messrs. Holt & Shreiver for the music furnished by them, which could not be excelled; and to Mr. E. Schneider for the bounteous and satisfactory supper which he provided; and that we recommend them to those who may have need of their services, as capable of giving entire satisfaction.

Resolved, That we make our acknowledgments to Messrs. Butler & Post, for furnishing us with good carriages, and careful and civil drivers; and also to Mr. Parker, for kindly throwing open his Daguerrian Rooms, for our convenience and accommodation, on the night of the Ball.

Resolved, That having been the honored recipients of many substantial favors at the hands of some of our most estimable fellow-citizens, we cannot let this occasion pass without expressing our warm and grateful thanks to them, and to the generous public, for the interest manifested in our welfare, and the large attendance at our Annual Ball.

A CARD.—At a regular meeting of the Milwaukee Cadets, on Saturday evening, Dec. 18, the following resolutions were presented and unanimously adopted, viz:

Resolved, That words can never express the emotions of our hearts, or return our thanks to the members of the Chicago National Guard Cadets, for the princely reception of the members of this corps, who had the pleasure of visiting them at their grand Soiree, given December 14.

Resolved, That should we ever meet Capt. Scott, Lieutenants Wetherill and Clybourn, privates Dewitt and Miller in Milwaukee, we will in a measure repay them for their kindness.

Resolved, That our sincere thanks be returned to Conductors Perrine and Denison, for their endeavor to make our trip agreeable and the special favors done us by them while under their care.

Resolved, That we owe the Proprietors and the gentlemanly Clerks of the Tremont House a debt of gratitude for their unbounded hospitalities, and we wish them long life and that success they so well merit.

Resolved, That should we ever, by constant perusal and search of Webster's dictionary, find words to express the feelings of each and all of the members of this corps towards that great heart of generosity contained in the diminutive form of Bob Ross, we will forward the same to him, and we trust when we next meet him his body will be of sufficient size to hold his heart—ergo.

MEDICAL DISCOVERY.

ALLEN'S SPECIFIC POWDERS.—The Proprietor, a Physician, having resided in the East Indies for upwards of fourteen years, with considerable study, and perseverance after Medical Science, discovered a vegetable product of nature, which possesses extraordinary virtue, and exerts an influence hitherto unknown in the animal economy.

A solid extract from this plant (which is indigenous to China, but grows also in India,) prepared in the form of powders, will aid and assist nature, when apparently defective, and remove the cause of *sterility* in married ladies, or females, from the age of 21 till upwards of 40 years.

The Physician, being a Botanist, while in China, as a Medical Officer during the late war, discovered the active principle of the plant, which invariably invigorates the whole system without producing any deleterious effect, on the contrary, it will restore a weak and debilitated constitution to health and strength. Thus, renewing and fortifying the frame towards the desired object.

The married portion of the female sex having no offspring, can procure packages of this invaluable medicine from the proprietor, Doctor ALLEN, or MARY ALLEN, at his office, Grove street, Fifth Ward, first house south of Fire Engine No 7, or from his agent, Mr. E. A. LEE, Druggist and Apothecary, No. 109 Main street, Milwaukee.

Printed instructions and directions for the use of the medicine will accompany each package, with the written name of the proprietor, to prevent the possibility of any empiric forging his signature.

The genuine medicine can only be procured in Milwaukee, from the Proprietor or his Agents, by applying for it at their residences, or by letter enclosing one dollar for each package, which will insure the safe transmission by post to any part of the United States, or elsewhere, to the address of the purchaser.

Doctor A. will attend patients as Physician and Surgeon for one dollar each visit within the precincts of Milwaukee. And will give medical advice free, at his residence, from 9 till 11 o'clock every morning, Sundays excepted.

NEW YORK, Dec. 29.

The Empire City came up unannounced last night, so there was nobody present to receive Senator Douglas, except the committee of the Common Council, who tendered him the hospitalities of the city, and escorted him to his hotel. Judge Douglas remains here three or four days.

THE NEW YORK TRIBUNE, 1858-59.

THE New York Tribune, now more than seventeen years old, which was the first Journal in the world that appeared regularly on an imperial eight-page sheet at so low a price as two cents, and which has attained the unparalleled aggregate of more than 200,000 subscriptions, respectfully solicits its share of the patronage which the Metropolitan Press is henceforth to receive.

Within the present year THE TRIBUNE has provided itself with a new and faster Press, at a cost of $30,000, merely that some of our subscribers may receive their papers a mail earlier than they otherwise might do. With correspondents at the most important points throughout the civilized world, and a staff of writers chosen from among the best in the country, we believe that even those who dislike the politics of our sheet concede to it frankness in avowing its convictions and ability in maintaining them. We appeal then, to those who believe that an increased circulation of THE TRIBUNE would conduce to the political, intellectual and moral well-being of the Republic, to aid us in effecting such increase.

THE DAILY TRIBUNE is printed on a large imperial sheet, and published every morning and evening, (Sundays excepted,) and mailed to subscribers for six dollars per annum in advance; $3 for six months.

THE SEMI WEEKLY TRIBUNE is published every TUESDAY and FRIDAY, and contains all the Editorials of the Daily, with the Cattle, Horse and General Markets reliably reported expressly for THE TRIBUNE; Foreign and Domestic Correspondence, and during the coming session of Congress it will contain a summary of Congressional doings with the more important speeches. It will also contain a first-class Novel, continued from number to number; thus affording a first-rate family newspaper to those who prefer not to take a Daily.

Lake and Harbor Improvements.

WASHINGTON, Dec. 22.

Mr. Chandler succeeded yesterday in procuring the passage of the bill appropriating $54,000 for the completion of the improvements in the harbor of Detroit, and for deepening and widening the channel through the St. Clair river. The bill goes to the House where every effort will be made by your representatives to secure its enactment into a law. This aid to the navigation of the great lakes will be felt from the St. Lawrence to the furthest shores of Superior and Michigan, and will do much to build up the commerce of our American Mediterranean seas. Nothing now can defeat it but the incorrigible hostility of the Locofoco party to any kind of internal improvements north of the line of the Potomac. The only appropriations made since the sectional policy of 1854 was adopted, have been for the improvement of the Cape Fear and Savannah rivers, and in these cases upon the transparent pretext that the impediments were placed there by the British.—*Correspondence Detroit Tribune.*

Senator CHANDLER's bill for the improvement of the St. Clair Flats, was sustained by all the Republican members, and opposed by nearly all the Democrats. We look for a similar division in the House, and as parties are pretty equally balanced there, we anticipate the passage of the bill. Certainly, if there be a truly "National" object of expenditure in the United States, it is the improvement of the magnificent highway along which the immense and annually increasing commerce of the Lakes pursues its way.

U. S. SENATE AND HOUSE COMMITTEES.—The construction of the Senate and House Committees on Public Lands, shows that extensive packing has been going on against a central route to the Pacific, and excites a good deal of indignation. The fact that Mr. Broderick was thrown off the Senate's committee because he was in favor of the above named route, has already been extensively commented upon. Gen. Walbridge, of Michigan, one of the most earnest friends of a central route to the Pacific, and who has served on the Land Committee ever since he has been in Congress, has been transferred from that committee, by Speaker Orr, to the Committee on Roads and Canals. The facts shown in my last, that the President is in favor of an extreme southern route, that Mr. Gwin is laboring for such a route, and that the committees of the two House are packed against a route that will be satisfactory to the business portion of the country, is evidence that we shall not have a Pacific Railroad out of this Congress.—*N. Y. Post.*

The organization of the Senate and House Committees is even more thoroughly partizan and sectional, this year, than ever before. The South has appropiated the lion's share, as usual, and the North-West is almost completely ignored.

☞ The Republicans in Congress are opposing the admission of the *free* State of Oregon into the Union, while Democrats, north and south favor its admission.—*News of yesterday.*

The opposition to the admission of Oregon is neither political nor sectional; Democrats, as well as Republicans, Northern and southern men, voting together on the question. The ground upon which Republican members base their action is, that the same rule which applies to Kansas, must apply to Oregon. They are willing to vote for the admission of *both*, as *Free* States, but opposed to admitting Oregon at the same time that the door is closed against Kansas.

GREAT WESTERN RAILWAY—SARNIA BRANCH.—The branch, or extension of the Great Western Railway, from London to Sarnia, on the St. Clair river, opposite Port Huron, was opened for business on Monday last. There was a dinner and celebration, in honor of the event, at Port Huron, the same evening.

THE PRESENT CONDITION OF MEXICO.—The New Orleans journals have received Vera Cruz papers to the 8th inst. Speaking in view of their contents, the *Bee* says:

We infer from a general survey of the news that the Constitutionalists are daily gaining ground, but as yet we perceive no evidences of the speedy overthrow of Zuloaga. The usurping President still holds the supreme government, and we fear is too strong to be ousted from power. As far as we can judge the Liberal party lacks energy and concentration. It operates in detached fragments, at isolated points, and will, we fear, accomplish nothing of importance until it strikes a blow at the seat of government itself. Meanwhile the civil and social condition of Mexico is at the lowest possible point. The country is devastated by bands of infuriated partisans; commerce is absolutely ruined and annihilated; poverty and distress are rife throughout the land, and the spurious republic has been plunged in utter degradation and demoralization.

The North-West Assembly District—Mr. Gibson Elected by the Legal Votes.

HUDSON, WIS., Dec. 18, '58.

EDS. STATE JOURNAL:—As these is a desperate effort being made on the part of the democratic press, not only here, but at your city, and elsewhere, to make it appear that Mr. Gibson will take his seat as representative from this district in the next Legislature, and attempt to retain it on mere technical grounds, it may not be amiss that the public should have an opportunity of learning the facts in the case.

Mr. Gibson will not take his seat merely because he has the certificate of election but because he *knows* that he does so in obedience to the expressed will of a majority of the voters of his district.

It is universally conceded that Gibson in the countries of St. Croix, Polk and Douglas, received *fourteen* majority over all others. It is also well known, that no *official* returns have ever been received from La Pointe county. The unofficial returns, however, are such as to give McCracken *seventy-one* majority in the district, and it is upon these from La Pointe precinct that he claims the privilege of martyrdom. In this unofficial return, the vote of La Pointe precinct is put down at *seventy-eight* for McCracken and *six* for Gibson, so that upon this precinct alone the election *can* hinge.

The writer of this article has in his possession affidavits and other documents which show that in this famous precinct there do not reside more than *twelve* white male persons over the age of twenty-one; that the sum total of all its inhabitants, whites, half breeds and Indians, does not exceed *forty*; that at the election on the 2nd of November last, one of the Clerks of the election was not a legal voter in this State; that during the progress of the election, outsiders were called in to take the places of the Inspectors and Clerks, such outsiders not having been sworn or in any way qualified; that the vote there always varies according to the necessity of the case, enough half breeds—who all draw their regular annuities—being brought in to make the required majority; in fine, that the whole thing was a got up affair, irregular, illegal and void. All this and much more Mr. Gibson will be able to show to the Legislature by proofs the most convincing. Add to this the fact that in all probability it will be made to appear that some thirty of McCracken's votes in Superior, were cast by half breeds, who draw annuities, and hence are not citizens of the United States nor of this State, and the enormity of Mr. Gibbon's "pretensions" is vastly diminished. And if in addition to all this, it appear that Mr. McCracken is a resident of Minnesota, it is possible that even some *democrat* might discover that Mr. Gibson has some slight color of right to his seat. 'Mc,' however, has had experience in contesting, and profiting by such experience, he *may* be able to transmute his half breed and Indian constituency, into *bona fide* white citizens.

☞ Rev. Geo. W. Quimby, of Cincinnati, has recovered $2,590 from Frederick Eckstein, Jr., —says the *Gazette*—as damages arising to the plaintiff by taking belladona in lieu of dandelion, the defendant having by mistake put up the former instead of the latter.

A Reply to the Seebote.

DEAR SEEBOTE:—As you try, in your article of the 21st inst., to lead astray the public opinion by untruth, and as it does not concern personalities, but a very important and holy affair of our great and free nation, I feel myself in duty bound to answer you again. You say:—"As the Catholics are only treated as 'dogs, and hideous monsters' by the advocate of the Jews of Milwaukee," etc. Sir, this is a barefaced untruth. We esteem and love our Catholic fellow citizens as we love ourselves; because we are commanded by the divine law of Moses (Lev. 19 25) "As the natives among you, you shall love the stranger who sojourns with you, and you shall love him like yourselves;" and because we are taught by our sages, that there is not one only saving church in existence, but every man without distinction of nation and faith, being only a good upright and useful citizen will be saved. We treated only of the Papal system, and its principles. We have shown that kidnapping being sanctioned by the Pope, the so-called vice-gerent of God upon earth, will have the most bitter consequences for all the citizens of the United States.

For such a principle is a great battering ram for all who respect the Pope's authority, to beat down the bulwarks of science, law and the rights of nature, and so undermine the welfare of our happy country, changing it into lurking places of violence, shame and outrageous deeds; because if the right of possession is gained by any bigoted act, there is nothing that can secure persons and property against violence, and to this shall our government be silent, and shall not rebuke the pope.

The example given by the Pope is a beacon light and a centre of influence for all Catholic institutions, which are plenty in the U. S., and shall not our Government earnestly rebuke the cruel and inhuman example of the Pope? Can, or have you, excellent champion of the Jesuits, defend with one syllable the action of the Pope? No! you have admitted that it is "an infamous deed;" but, you say, we are accustomed to such deeds in our own enlightened country of religious freedom." Sir, suppose your statement should be true, which I emphatically deny, is this a defense, or an excuse for not correcting any wrong, because we are accustomed to commit the same very often? Such an advocacy is good for the tenants of bedlam, but not for men of common sense.

I said I deny your statement; because all that the mob has perpetrated in Philadelphia 1844, and what is going on in the Alms House in Boston, if it is true as you say, has never been approved by our government, as the robbery of the MORTARA child was in a bigoted way justified by the Pope. You know as well as I do, that our American government secures the rights of a Catholic citizen as well as of a Protestant, Baptist, Presbyterian, Universalist, Unitarian, etc., and protects them all with equal power, and you are so impudent to say, that the Pope may call to our memory what the mob have done in Philadelphia? In what connection stood the mob in Philadelphia with our government?—Has it been influenced by a law of our government, as the Roman inquisition has been by a law of the Pope to rob the child MORTARA?

Is our Government responsible for acts committed by depraved hearts of some people?—Our Government is only in duty bound to prevent by all means, cruel and inhuman acts, or if they are nevertheless perpetrated, to punish the malefactor as soon as it is brought to its notice. Did not ever the Government of the United States act rigorously in this way to its utmost capacity? Sir, you will compare the impartial administration of our blessed American Government with the selfish, inhuman and Jesuitical course of the Pope? There is a great and broad difference between them. Ours is a Government of law founded on truth, and that of the Pope is a goverment of will, whose leading principle is, "*stat pro-rations voluntas,*" and has often proved itself as bloody, cruel and tyrannical. As arguments for this allegation I can adduce innumerable facts. I am well aware that our Government should not meddle itself with the affairs of a foreign State; but if a foreign potentate use all means to undermine the welfare of our citizens and to demoralize our people, should it remain inactive? Shall it not take the necessary means to check everything which will ruin our liberty? The Pope spreads his nets all over the country, partly through the nunneries and partly through Jesuitical priests and schools. I will only mention here one fact: Captain PAULSON DIETRICH, a gray-headed man of Jewish persuasion, has been baptized as a Catholic, a few weeks ago, against his will, in his last moments of life, in the Nunnery Hospital in St. Louis.

After this fact having been known, by chance, to the Jews of that city, they had to struggle and to use all possible means before the Prioress ALEXIS delivered out the dead PAULSON, to bury him according to the Jewish rites. Does not this fact show that the inhuman principle of the Pope is practised in the United States, and shall our government still be silent? Is it not to be supposed that PAULSON was not the first who was mal-treated in this so-called philanthropic institution? Is it not very likely that many persons, of different creeds, were baptized against their will, as Catholics, in their last moments of life, and shall not the Pope be rebuked by our government? I could give a great many more facts which show clearly how the Pope intends to undermine our liberty; but they are so generally known to every inquiring mind, that it would be superfluous to mention them here.

As an American citizen, I will stand by the laws of our blessed country, and not cease to awaken my fellow citizens and to show them the daring attempt of the papacy to re-establish its ecclesiastical rule and to cast the fetters of the worn out superstition everywhere, that they may counteract, in time, all the papal despotism, and that they may enforce, with a perpetual vigilance, the laws of independence and liberty in every direction of life.

AN AMERICAN CITIZEN.

Milwaukee, Dec. 28.

From Washington.

Special Dispatch to the Cincinnati Gazette.

WASHINGTON, Dec. 26, P. M.

Mr. Preston, our newly appointed Minister to Spain, sails on the 6th inst. for his mission. His family will spend the Winter in Paris.

The friends of a tariff, moderately protective, are preparing a complete bill, to be submitted to Congress. Upon consultation with all the leading interests, it will be reported by a minority of the Ways and Means Committee, after the holidays.

The President has restored naval officers who were notoriously dismissed from service for drunkenness, while giving that reason for excluding others. This exhibition of partiality has excited much indignation.

VERITAS.

FORTY-FOUR CAR LOADS OF CHRISTMAS PRESENTS.—Some idea may be formed of the extent of the traffic in holiday presents and Christmas turkeys, from the fact that Messrs. Butterfield & Co., with their great American Express have received and shipped from their Hudson street depot, in New York, forty-four car-loads of express matter during the last five days—that is from Monday morning last up to Friday evening. Of this, twenty-eight carloads were down-freight, poultry, game and presents; and sixteen car-loads were up-freight, one-half of which are supposed to have been holiday gifts. At least a quarter of a million of dollars has been expended for Christmas presents forwarded over the American Express lines alone.—*New York Post, 24th.*

CRINOLINE STILL LIVES.—A letter from the French court circle at Compeigne says:

The hoop and crinoline instead of being prohibited in the Court circle, as was reported, are worn of enormous amplitude. The morning costume adopted by the Empress, and obligatory with her attendant ladies and visitors, is picturesque and convenient for exercise in the park. The under skirt, wrapper petticoat, is of scarlet or blue *linsey woolsey*, (a description of English flannel,) striped with black, made so short as to display above the ancle; showing the top of the highly-heeled boot, which is bordered with a fringe. The robe is looped up at intervals above the knee, forming festoons, and leaving visible the bright-colored petticoat.

Rail Road from Prairie du Chien to St. Paul.

OTRANTO, MINN., Dec. 15, 1858.

DEAR SIR:—I have seen a communication in your paper of Nov. 4th, from the pen of G. E. Woodward, Chief Engineer of the Prairie du Chien and Mankato Railroad, setting forth the importance of an immediate connection between the Cedar Valley road, terminating at this place, and the Milwaukee and Mississippi road, terminating at Prairie du Chien.

All that he says about the utility and immediate necessity of making this connection I must fully endorse. The productions of Northern Iowa, Southern Minnesota and the entire valley of the Minnesota river must find an outlet by means of this road, and it will cause thousands of families at once to seek a home in this fertile valley. Again, the northern route from St. Paul to the Pacific is now more popular with northern men than any other.

A road will certainly be built on that route. When that is done let the P. du C. & M. road be extended up the Minnesota valley till it shall tap that road as it enters the valley of the Red River of the North, and it will shorten the distance from Milwaukee to the Pacific coast at least one hundred miles. Any doubting this will be convinced by examining the map. Mr. Woodward says that it is only four hundred miles from Milwaukee to St. Paul by the P. du C. & M. road. The Cedar Valley road will soon be built. Over a thousand hands are now at work upon it. There will then be the gap from this place to Prairie du Chien, about one hundred miles, to be filled. How important, then, that something be done immediately to unite these points. St. Paul and Minneapolis will then be united to Milwaukee by railroad.

From Prairie du Chien to this place three routes are proposed. One represented by Mr. Woodward, commencing at the mouth of Paint creek, following said creek to its source at Wawkon, thence over the hills of Allamakee county to Decorah. The next commences at Yellow river, a short distance south of Paint creek. The third is still further south, and starts out from McGregor and follows up Giard creek. The latter is the only road on which any work has been done. It is the intention of the company to run this road directly west, and it will consequently pass forty miles south of this place. I understand that the maximum grade is over fifty feet to the mile.

The road up Paint creek has been surveyed, the company formed, officers elected and re-elected. They have done all they could do without money. By the engineer's report we are informed that on some portions of this road the engine will have to ascend at the rate of forty-five feet to the mile. On this route, also, the town sites are all fixed, and lots have been sold at fabulous prices, because the *railroad was coming!* The people of Yellow river, believing that when capitalists came on to build a road (and no others need attempt it at this time) they will choose the best route, all things considered, have not pressed theirs upon the notice of the public; nor have they accepted the many offers of engineers to survey their route for them.—The Yellow river route possesses some qualities superior to either of the others. Here the town sites are not yet fixed, and the company might obtain land at a moderate price and derive material aid from the sale of lots. Again, the advantage of having a heavy body of timber, a continuous line of water privileges along by the side of a railroad must be very great. It would be a manufacturing district throughout the entire length of the river. A fine prairie country and prairie towns stretch along a short distance from the river on either side. Another advantage of this route is a *uniform grade* not exceeding twenty feet to the mile.

I was at Prairie du Chien when Mr. Brodhead visited that place for the purpose of locating the western portion of the M. & M. road.—It was supposed by many that this road would cross the Wisconsin near the mouth and follow the ridge south. In reply to a question Mr. B. remarked that the road must follow up the river in order to secure an average grade, then the engine could take a full load, whereas if it has high grades to ascend, it can take no more than it can draw up such grades. On Yellow river we shall have a uniform grade until we have reached the summit. At the terminus of this route on the Mississippi there is a good landing and a handsome site for a large town. A steam flouring mill, warehouse, store and other buildings have been erected during the past year.—Nezeka will undoubtedly become a place of importance, and I venture the opinion that when the P. du C. & M. road is built, and I hope it will be very soon, it will leave the Mississippi at that place. Yours truly,

MINNESOTA.

Three Days from Chicago to New Orleans.

A Daily Mail route is now established between Chicago and New Orleans, that reduces the time of conveying mails from a week to three days.—The Postmaster-General's late report refers at some length to this new Mail route.

By this route, the Mississippi River is only followed for 20 miles. The following are the links:

From Chicago to Cairo in 17 hours,		365	miles.
Cairo to Columbus, by river,	1 30	20	do
Columbus to Coffeeville, (rail)	15	215	do
Coffeeville stage to Lex'gton,	14	67	do
Lexington to N. O., by rail,	15 30	220	do

Total time and distance 63 hours. 887 miles

To this time must be added a loss of five or six hours at the junction where the route crosses the Memphis and Charleston Railroad, which, however, will shortly be obviated, reducing the time to about two-and-a-half days to New Orleans from this city. The gap of 67 miles staging is shortening every week, as the Mississippi Railroad progresses north toward Coffeeville, which point it is expected to reach in the course of six or eight months from this time. In the meantime, there will be six to ten miles less staging each subsequent month.

When the gap is closed up next summer, the distance from Cairo will be reduced from 1050 miles by the river to 620 miles—600 by rail and 20 by water; and the ordinary time from Cairo to New Orleans will not exceed 40 hours, and from New Orleans to Chicago 48 hours. Just think of it—only two days from Lake Michigan to the Gulf of Mexico! and all the way by railroad. What a relief to the man of business, to escape a week's sojourn on a Mississippi steamboat. How irksome and fatiguing it is to go puffing and blowing along, creeping around the never ending bends of the "Big muddy," with no shore scenery, save swamp, cotton-wood and cypress, and stopping every ten minutes to take on or throw off freight

The opening of this short, quick route to the cotton and sugar country, will have a tendency to greatly enlarge commercial intercourse between the South and West, and to increase the number of those who travel in search of health and pleasure. A great many Southern people going North in the Summer season, will take Chicago in their route to Niagara Falls, or the Eastern States, as the distance, time and fare will be about the same as by way of Cincinnati. On the other hand, when it becomes known that a few hours' ride on a railroad car will carry a person away from the icy blasts of the lakes and Northern prairies to the balmy breezes of the sunny South, many will be tempted to make the trip, for the sake of weak lungs or impaired constitutions.—*Chicago Tribune.*

The Phœnix—From the "Study of Art."

The Phoenix, the bird so famous in antiquity is by moderns, considered fabulous. The ancients speak of this bird as unique, and their artists represent it as the size of an eagle, its head finely crested with a beautiful plumage, its neck covered with feathers of a golden color and the rest of it purple, with the exception of the tail, which is white, and eyes extremely sparkling like stars. The tradition is, that it lives in the wilderness, and attains the age of 500 or 600 years, and when thus advanced in age, builds itself a pile of sweet wood, and aromatic gums, and firing it by the wafting of its wings, thus destroys itself. From its ashes arises a worm, which in time grows up to be a Phoenix.

In the sixth book of the annuals of Tacitus, it is stated that in the year 787 of Rome of Phoenix re-visited Egypt, which created much speculation among the learned. The accounts of its longevity, vary from five hundred to one thousand five hundred years. It was considered as sacred to the sun. Tradition has assigned the several eras at which the Phoenix appeared.—The first it informs us was in the reign of Sesostris; the second, in that of Amases; and the third at that period when Ptolemy, (the third of the Macedonian race,) was seated on the throne of Egypt. When to these circumstances are added the brilliant appearance of the Phoenix, and the tale that it makes frequent excursions with a load on its back, and that when, by having made through a long tract of air gaining sufficient confidence in its own vigor it flies with the body of its progenitor to the altar of the sun, in order that it may there be consumed. Some key will be afforded to the frequent use made by artists of this curious subject, as also to the idea advanced by antiquarians, that the sages of Egypt enveloped under this Allegory, the philosophy of the comets. When an Egyptian monarch is represented holding a Phoenix in his hand, it is emblematic of his long absence from Egypt in a foreign land.

ROASTED.—Moses Bailey, an employee at the Washington Foundry, Baltimore, Md., was roasted alive in the furnace of that establishment, on Tuesday afternoon. He had been sent into the cupola to attend to something, and fell into the furnace, overcome, it is supposed, by the fumes of the charcoal.

A Social Problem for Slaveholders.

We printed a few days since a report made to the Legislature of South Carolina, showing the births, deaths and population of that State for year 1857, as follows:

	Births.	Deaths.	Increase.	Total Population.
Free	4,225	2,928	1,711	253,523
Slave	11,222	5,770	5,522	354,954
Excess	9,564	5,555	8,511	101,461

These facts deserve attention from all men who live in Slave States. South Carolina, in whose rice fields more negroes are *used up*, than in any other Southern State, who boasts a slave system affirmed to be perfectly adjusted to her society, and where the cry has already been voiced for a revival of the African trade, shows a supplanting of the white race by the black race more startling than anything ever propounded by Malthus. As a basis of our remarks, we may note the fact that for *thirty years* the white population has not increased at all: it being within a few thousand in 1858, of what it was in 1828. Look, then, carefully at the above table. The slave population already exceeds the free by more than one hundred thousand—nearly one-half. The relation of births is as 3.05 to 1. in favor of the slaves—more than treble. At this rate, what will be the condition of South Carolina at the end of the next *thirty* years? With the whites, the number of deaths ranges close upon the number of births; the excess migrating to other States. With the blacks, the difference of births and deaths, is largely in favor of the births, and increasing yearly in a geometrical progression. Consider also that the slave-breeding States will add largely to her servile class, and that this multiplying of the blacks must be at the expense of the whites to a certain extent.

From these elements, it may be estimated according to the accepted laws of population, that South Carolina will in thirty years contain a less number of free citizens than now, and more than three quarters of a million of slaves. The blacks will be three to one to the whites—a social condition inflamable as powder, impossible to be sustained, and that can only look to revolt, terror, bloodshed, and extirpation, as the remedial courses of the State. It needs only a glance at these figures, and a lifting of that terrible curtain of the future to see how insane, reckless, fatal is that policy persisted in by her statesmen of erecting barriers of prejudice against the influx of free laborers, and of making an effort to to increase the importation of slaves. South Carolina must needs have addition to her white element, and must adopt repression of the black element, to save her from the fate of absorbtion. Mix a hundred thousand kidnapped Ashuntee savages with her three-quarters of a million slaves, and it would not be a year before fire and blood would circle in frenzy over every plantation. Is it not clear to reason, then, that her only safety for the coming time lies in Free Labor progression Southward into the Slave States. She must draw supplies of population from the hive of free born nations—she must colonize from the white breeding States, or she will be the victim of negro corrosion worse than even Africanization.—*Missouri Dem, Dec. 27.*

FEVER AND AGUE.—A CASE OF EIGHT MONTHS STANDING CURED BY BOERHAVE'S HOLLAND BITTERS.—Michael Kelly, No. 117 Seventh, near Grant Street, says:

"Last July, while running on the river, on a cotton-boat plying between Natchez and New Orleans, I was taken with Fever and Ague. For eight long months I suffered with this dreadful disease. The greater part of this time I was unable to work, and spent at least fifty dollars for different medicines, but found no permanent relief. Three weeks ago, one of my friends insisted upon my trying BOERHAVE'S HOLLAND BITTERS, saying that a *cure was guaranteed.* After taking it for one week, I must state I was a sound man. I have been at work now for two weeks, and have had no return of the Chills and Fever whatever."

I certify that the above statement is true.

THE SMACK IN SCHOOL.

[The following incident in a District School, described by Mr. Wm. Pitt Palmer, of New York, President of the Manhattan Insurance Company, in an address before "The Literary Society," in Stockbridge, Mass., his native home, will take many whose heads are now streaked with silvery hairs a long journey back to boyhood and early life:]

A District School not far away
'Mid Berkshire hills, one winter's day
Was humming with its wonted noise
Of three score mingled girls and boys—
Some few upon their task intent
But more on furtive mischief bent;
The while the Master's downward look
Was fastened on a copy book—
When suddenly, behind his back,
Rose sharp and clear a rousing SMACK!
As 'twere a battery of bliss
Let off in one tremendous kiss!
"What's that?" the startled Master cries:
"That thir," a little imp replies,
"Wath William Willith, if you pleathe—
I saw him kith Thuthannah Peathe!"
With frown to make a statue thrill,
The Master thundered, "Hither Will!"
Like wretch o'ertaken in his track,
With stolen chattels on his back,
Will hung his head in fear and shame,
And to the awful presence came—
A great green bashful simpleton,
The butt of all good-natured fun—
With smile suppressed, and birch upraised,
The threat'ner faltered—"I'm amazed
That you, my biggest pupil, should
Be guilty of an act so rude!
Before the whole set school to boot—
What evil genius put you to't?"
"'Twas she, herself, Sir," sobbed the lad,
"I didn't mean to be so bad—
And when Susannah shook her curls,
And whispered I was 'fraid of girls,
And dursn't kiss a baby's doll,
I couldn't stand it, sir, at all,
But up and kissed her on the spot!
I know—boo hoo—I ought to not,
But, somehow, from her looks—boo hoo—
I thought she kind o' wished me too!"

Old Hundred.

If it be true that Luther composed that tune, and if the worship of mortals is carried on the wings of angels to Heaven, how often has he heard the declaration—"They are singing Old Hundred now." The solemn strain carries us back to times of the reformers—Luther and his devoted bard. He, doubtless, was the first to strike the grand old chords in the public sanctuary of his own Germany. From his stentorian lungs rolled, vibrating, not through vaulted cathedral roof, but along a grander arch, the eternal heavens. He wrought into each note his own sublime faith, and stamped it with that faith's immortality. Hence it cannot die. Neither men nor angels will let it pass into oblivion.

Can you find a tomb in the land where sealed lips lay, that have not sung that tune? If they were grey old men, they have heard or sung "Old Hundred." If they were babies, they smiled as their mother rocked them to sleep, singing "Old Hundred." Sinner and saint have joined with endless congregations where it has, with and without the pealing organ, sounded on the sacred air.

The dear little children, looking with wondering eyes on this strange world, have lisped it. The sweet young girl, whose tombstone told of sixteen summers—she whose pure, innocent face haunted you with its mild beauty—loved "Old Hundred," and she sang it, closed her eyes, and seemed communing with the angels who were soon to claim it. He whose manhood was devoted to the service of God, and he who, with the white hand over his laboring breast, loved "Old Hundred;" and though sometimes his lips only move, way down in his heart, so soon to cease its throbs, the holy melody was sounding. The dear white-haired old father, with his tremulous voice, how he loved "Old Hundred." Do you see him now, sitting in the venerable arm-chair, his hands crossed over the head of his cane, his silvery locks floating off from his hallowed temples, and a tear stealing down his care-worn, furrowed cheeks, that thin, quivering, faltering sound, now bursting forth, now listening for in vain? If you do not, we do; and from such lips, hallowed by four-score years service in the master's cause, "Old Hundred" sounds, indeed, a sacred melody.

You may fill your choirs with Sabbath prima donnas, whose dating notes emulate the steeple, and cost about as much—but give us the spirit-tones of the Lutheran hymn, sung by old and young together. Martyrs have hallowed it; it has gone up from the bed of saints. The old churches, where generation after generation have worshipped, and where many scores of the dear dead have been carried and laid before the altar, where they gave themselves to God, seem to breathe of "Old Hundred" from vestibule to tower top; the air is haunted with its spirits.

Think a moment of the assembled company, who have at different times and in different places joined in the familiar tune. Throng upon throng—the strong, the timid, the gentle, the brave, the beautiful, the wrapt faces all beaming with inspiration of the heavenly sounds.

"Old Hundred!" king of the sacred band of "ancient airs!" Never shall our ears grow weary of hearing, or our tongues of singing thee. And when we get to Heaven, who knows but what the first triumphal strains that welcome us may be—

"Be thou, O God! exalted high!"

TO THE PUBLIC. In answer to the numerous letters addressed to me on the subject of the Mustang Liniment, I would say that I have had no connection with that article for several years. It was invented by me, and while out up under my control and supervision, was universally accepted by the public, as the best liniment in the world. In 1854 I sold out my interest in it to other parties, and since that time it has passed through the hands of several persons, most of whom have been so unscrupulous as to manufacture it of inferior and cheaper articles, and thus to entirely destroy its value as a medical remedy, trusting for success in selling to its former highly established reputation. Its present proprietors have gone so far as to substitute other articles in its composition for those in the original prescription, so that the Mustang Liniment now vended possesses no one of the distinguishing characteristics of the genuine article, as it was originally invented and manufactured by me. These parties, to enable themselves with more facility to foist their worthless and injurious article on the public, use *my name* as its sponsor, calling it "Bragg's" Mustang Liniment, and cautioning the public to beware of any other Bragg's Liniment as an imposition. This is done with a view of exciting a prejudice against "BRAGG'S ARCTIC LINIMENT," an article more recently invented by me, and possessing all the virtues of the original Mustang, with some improvements—the result of experience and later discoveries—and manufactured by Bragg & Burrowes, which firm is composed of my son, Oliver T. Bragg, and Michael Burrowes. This article is superior in many respects to the Mustang, when it was put up pure and in good faith, and is immeasurably superior to the article now vended as the Mustang Liniment. It is also the only liniment manufactured to which my name is appended by my authority or consent. In conclusion, I cannot hold myself responsible for any of the evil results of using the Mustang Liniment now vended, and especially after this public disclaimer of any connection with its proprietorship or manufacture. Respectfully, A. M. BRAGG, M. D.

R. R. R. QUICK CURES.—Until the introduction of the R. R. R. remedies in 1849, no remedy ever claimed the marvellous power to relieve pain instantly, or even to promise a cure of any disease in a given time. RADWAY'S READY RELIEF, during the month of July, cured Mr. James Roberts Jane st., N. Y., of a Chronic Rheumatism in 12 hours. It relieved him of pain in ten minutes. Mr. Schemerhorn, of Brooklyn, a cripple, was enabled to walk without his crutches in fifteen minutes after the cork was drawn from the bottle. Col. Jones, of Oak Mulings, Va., a sufferer for many months, was so relieved that all pain was removed from both legs by the time the second leg had been rubbed some ten minutes, and ed one. An old gentleman living on the Colonel's plantation, was cured of a stiff knee in five minutes. Thousands of dysentery and diarrhea were cured in fifteen or twenty minutes at the farthest. There is no necessity for lingering in pain. The R. R. R. remedies are destined to revolutionize the whole medical world. People demand to be instantly relieved from pain and be quickly restored to health, and if physicians expect to be successful, they must examine into the R. R. R. theory—do their business quick—it is just as easy to cure your patients rapidly as it is to patch them up and coax them back to health. Our R. R. R. remedies were the first remedies that claimed to stop the worst pain in an instant, and cure the most violent complaint in a few hours. Office No. 161 Fulton st. Sold by Druggists everywhere.

R. R. R. is sold by C. HARRINGTON, BOSWORTH & SON, L. P. LAKE, and J. H. TESCH, Milwaukee, and by Druggists everywhere. dec9h314aw

VICTORIOUS OVER PAIN. BRAGG'S ARCTIC LINIMENT.

Agony or ease!—Sickness or health!—Life or death! These are the questions involved in the adoption or rejection of this specific by the martyrs to external diseases and injuries. Having received the indorsement of the distinguished savan, the late Dr KANE, and its efficacy tested during two awful Winters in the regions of eternal ice, it is now coming into general use in every section of the civilized globe, and its marvelous cures are everywhere exciting astonishment.

THE AFFLICTED REJOICE.

HUNDREDS and THOUSANDS have tested its virtues, and are rejoicing in freedom from long lingering PAIN and DISEASE, which other remedies had failed to cure. Have you the BRONCHITIS, NEURALGIA, RHEUMATISM, SCROFULA, EARACHE or TOOTH-ACHE—Are you afflicted with OLD SORES—Suffering from BRUISES, SPRAINS, CORNS, SORE EYES, PILES? THE ARCTIC LINIMENT will afford you instant relief. Everybody is liable to

BURNS AND SCALDS.

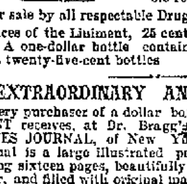

For these dreadful accidents the ARCTIC LINIMENT should be kept on hand, for it affords sure and immediate relief, often saving from death. Every steamboat and railroad train should keep it. Who that has heard the shrieks of anguish uttered by the scalded and maimed victims of explosions and collisions, does not feel that some means of relieving their torture should always be accessible? Such does exist in this balmy pain controlling agent. It is

THE MOTHERS' COMPANION.

It cures CAKES IN THE BREAST, SORE NIPPLES, SORE LIPS, PIMPLES, &c. Ladies who prize a pure skin, void of pimples, blotches, scurf and all discolorations and excrescences, should attack those trespassers on beauty's domain as soon as they appear with the ARCTIC LINIMENT. It is excellent for the Hair, giving it a healthy glossy appearance. It is

GOOD FOR MAN AND BEAST.

It is a sovereign remedy for the various diseases with which horses are afflicted, curing the most alarming cases of BRUISES, SPRAINS, STRING-HALT, WOUNDS, SCRATCHES, SWEENY, SPAVIN, RING-BONE, BIG-HEAD, POLL-EVIL, &c. No farmer, livery stable keeper, or any person owning valuable HORSES, should be without this valuable remedy.

For sale by all respectable Druggists and Dealers. Prices of the Liniment, 25 cents, 50 cents and $1 a bottle. A one-dollar bottle contains as much Liniment as eight twenty-five-cent bottles.

EXTRAORDINARY ANNOUNCEMENT. Every purchaser of a dollar bottle of the ARCTIC LINIMENT receives, at Dr. Bragg's expense, the UNITED STATES JOURNAL, of New York, for one year. Certificate of subscription and full particulars of the novel and philanthropic enterprise, of which this offer forms a part, will accompany each bottle.

AYER'S CATHARTIC PILLS. THE following remedies are offered to the public as the best, most perfect, which medical science can afford. AYER'S CATHARTIC PILLS have been prepared with the utmost skill which the medical profession of this age possesses, and their effects show they have virtues that surpass any combination of medicines hitherto known. Other preparations do more or less good; but this cures such dangerous complaints, so quick and so surely, as to prove an efficacy and power to uproot disease beyond anything which men have known before. By removing the obstructions of the internal organs and stimulating them into a healthy action, they renovate the fountains of life and vigor—health courses anew through the body, and the sick man is well again. They are adapted to disease, and disease only, for when taken by one in health they produce little effect. This is the perfection of medicine. It is antagonistic to disease, and no more. Tender children may take them with impunity. If they are sick they will cure them, if they are well they will do them no harm.

Give them to some patient who has been prostrated with bilious complaint; see his bent-up, tottering form straighten with strength again; see his long-lost appetite return; see his clammy features blossom into health. Give them to some sufferer whose foul blood has burst out in scrofula till his skin is covered with sores; who stands, or sits, or lies in anguish. He has been drenched inside and out with every potion which ingenuity could suggest. Give him these Pills and mark the effect; see the scabs fall from his body; see the new, fair skin that has grown under them; see the late leper that is clean. Give them to him whose angry humors have planted rheumatism in his joints and bones; move him, and he screeches with pain; he too has been soaked through every muscle of his body with liniments and salves; give him these Pills to purify his blood; they may not cure him, for, alas! there are cases which no mortal power can reach; but mark, he walks with crutches now, and now he walks alone; they have cured him. Give them to the lean, sour, haggard dyspeptic whose knawing stomach has long ago eaten every smile from his face and every muscle from his body. See his appetite return, and with it his health; see the new man. See her that was radiant with health and loveliness blasted and too early withering away; want of exercise, or mental anguish, or some lurking disease has deranged the internal organs of digestion, assimilation, or secretion, till they do their office ill. Her blood is vitiated, her health is gone. Give her these Pills to stimulate the vital principle into renewed vigor, to cast out the obstructions, and infuse a new vitality into the blood.—Now look again—the roses blossom on her cheek, and where lately sorrow sat joy bursts forth from every feature. See the sweet infant wasted with worms. Its wan, sickly features tell you without disguise, and painfully distinct, that they are eating its life away. Its pinched up nose and ears, and restless sleepings, tell the dreadful truth in language which every mother knows. Give it the Pills in large doses to sweep these vile parasites from the body. Now turn again and see the ruddy bloom of childhood. Is it nothing to do these things? Nay, are they not the marvel of this age? And yet they are done around you every day.

BOERHAVE'S HOLLAND BITTERS.

THE CELEBRATED HOLLAND REMEDY FOR **DYSPEPSIA,** DISEASE OF THE KIDNEYS, LIVER COMPLAINT, WEAKNESS OF ANY KIND, **FEVER AND AGUE,** And the various affections consequent upon a disordered STOMACH OR LIVER, Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Its reputation at home produced its introduction here, the demand commencing with those of the Fatherland scattered over the face of this mighty country, many of whom brought with them and handed down the tradition of its value. *It is now offered to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.*

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit and infusing new health and vigor in the system.

READ CAREFULLY! The Genuine highly concentrated Boerhave's Holland Bitters is put up in half-pint bottles only, and retailed at ONE DOLLAR per bottle. The great demand for this truly wonderful Medicine has induced many imitations, which the public should guard against purchasing.

Beware of Imposition! See that our name is on the label of every bottle before you buy. Benjamin Page, Jr. & Co., Sole Proprietors, PITTSBURGH, PA. THE LIVER INVIGORATOR! PREPARED BY DR. SANFORD, COMPOUNDED ENTIRELY FROM GUMS, IS one of the best purgative and Liver medicines now before the public, that acts as a *Cathartic*, easier, milder and more effectual than any other medicine known. It is not only a *Cathartic*, but a *Liver* remedy, acting first on the *Liver* to eject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most *Cathartics*. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity.

The LIVER is one of the principal regulators of the human body; and when it performs its functions well the powers of the system are fully developed. The stomach is almost entirely dependent on the healthy action of the *Liver* for the proper performance of its functions; when the stomach is at fault, the bowels are at fault, and the whole system suffers in consequence of one organ—the LIVER—having ceased to do its duty. For the diseases of that organ one of the proprietors has made it his study, in a practice of more than twenty years, to find some remedy wherewith to counteract the many derangements to which it is liable.

To prove that this remedy is at last found, any person troubled with LIVER COMPLAINT, in any of its forms, has but to try a bottle, and conviction is certain.

These Gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease,—effecting a radical cure.

BILIOUS ATTACKS are cured, AND WHAT IS BETTER, PREVENTED, by the occasional use of the LIVER INVIGORATOR.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently, and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

One bottle taken for female obstruction removes the cause of the disease, and makes a perfect cure.

Only one dose immediately relieves CHOLIC, while

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite, and makes food digest well.

One dose often repeated cures CHRONIC DIARRHOEA in its worst forms, while SUMMER and BOWEL complaints yield almost to the first dose.

One or two doses cures attacks caused by WORMS in Children; there is no surer, safer, or speedier remedy in the world, as it never fails.

A few bottles cures DROPSY, by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER AND AGUE, CHILL FEVER, and all FEVERS of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

ALL WHO USE IT ARE GIVING THEIR UNANIMOUS TESTIMONY IN ITS FAVOR.

MIX WATER IN THE MOUTH WITH THE INVIGORATOR, AND SWALLOW BOTH TOGETHER.

THE LIVER INVIGORATOR IS A SCIENTIFIC MEDICAL DISCOVERY, and is daily working cures almost too great to believe. It cures as if by magic, *even the first dose giving benefit*, and seldom more than one bottle is required to cure any kind of LIVER Complaint, from the worst *Jaundice* or *Dyspepsia* to a common *Headache*, all of which are the result of a DISEASED LIVER.

PRICE ONE DOLLAR PER BOTTLE.

A Card from Dr. James M. Jarrett, OF THE NEW YORK LUNG INFIRMARY.—My connection for the past eight years with the above Institution, as Chief Physician, and a twelve years' course of steady devotion to the cure of Pulmonary Consumption and its kindred diseases, together with my unrivaled opportunities and advantage of pathological research—aided not a little by a perfect system of *Medical Inhalation*—has enabled me to arrive at a decisive, direct, and successful course of treatment for the positive cure of all diseases of the *Throat, Lungs, and Air-Passages*. By Inhalation, the vapor and curative properties of medicines are directly addressed to the diseased organs and the integument. I do not advise the use of Medical Inhalation of any kind, to the exclusion of *general treatment*; and although I consider it a useful adjuvant in the proper management of those fearful and often fatal diseases, yet I deem it very necessary that each patient should have the benefit of both *general* and local treatment. The success of my treatment, in the above diseases, and the high character of the Institution over which I have so long had the honor to preside, are too well known to need any eulogy or comment from me. At the solicitation of many private and professional friends, through whom philanthropic aid the above charity has been long and liberally supported, after due consideration, I have concluded to make such arrangements as will bring benefit of my experience and treatment within reach of all, and not to confine myself, as heretofore, to those only who entered the Infirmary, or who were able to visit me at my office. Hoping therefore that the arrangement will give entire satisfaction, both to my professional brethren and the public, I would respectfully announce in conclusion, that *I can now be consulted personally or by letter*, on all diseases as above, and that the medicines, the same as used in the Institution, prepared to suit each individual case. *Inhaling Vapors, Medical Inhalers, &c., &c.,* will be forwarded to any part of the United States or the Canadas. TERMS—My terms for treatment by letter are as follows, viz: $12 per month for each patient, which will include medicine sufficient for one month's use; also, Inhaling Vapor, and an Inhaling Apparatus. Payment as follows: $6 to be paid to Express Agent on receipt of the box of Medicine, and the balance $6 at the expiration of the month, if the patient be cured or is entirely satisfied with the treatment. Patients, by giving a full history of their case, and their symptoms in full, can be treated as well by letter as by personal examination. Patients availing themselves of Dr. Jarrett's treatment may rely upon immediate and permanent relief, as he seldom has to treat a case over thirty days. Letters for advice promptly answered. For further particulars address JAMES M. JARRETT, M. D., No. 810 Broadway, cor. Twelfth st., N. Y.

P. S.—Physicians and others visiting the city are respectfully invited to call at the Infirmary where many interesting cases can be witnessed, and where our *improved apparatus* for the inhalation of medicated vapors can be seen and inspected. sept3h14646—

COMMERCIAL & FINANCIAL.

OFFICE OF THE DAILY SENTINEL,
Wednesday Evening, Dec. 29, 1858.

We report the market for wheat firm at our quotations of yesterday, with receipts of scarcely 4,000 bushels. The sales are about equal to the receipts, at 77a78c for No. 1, spring, 79a75c for No. 2, and 87a90c for extra, besides some 1,000 bus No 1 in store on private terms. Sellers made an effort this morning to get standard No. 1 up to 80c, but it did not succeed—not to any extent, at least, though there may have been one or two sales at that figure. In other grains there is no change with the exception of oats, which are 1a2c higher and firm. Flour remains steady at $4a4,25 for country extras, with an occasional very choice brand going as high as $4,37.

The continued moist state of the weather has had a depressing effect upon the hog market, which, taken together with the unfavorable reports from the east, produced a decline in our market to-day of about 25c upon heavy hogs, and as for light ones, they were unsaleable Lots of dressed hogs, averaging in weight from 280 to 250 pounds went slowly at $6, while for those averaging about 200 lbs it was difficult to find buyers in the afternoon at $5,60a5,75.

In its market report the Chicago *Press & Tribune* of yesterday, says in relation to the market for dressed hogs:

After a very brisk week's business at buoyant prices, the market is closing dull, and since yesterday a decline of fully 25c has been submitted to There are a good many on the market, the accumulation of the past week or so, and with the present rainy, warm weather, there is much risk of souring. MORE TO BE ADMIRED THAN THE
RICHEST DIADEM
EVER
Worn by Kings or Emperors.
WHAT! WHY A BEAUTIFUL HEAD OF HAIR.

Because it is the ornament *God Himself* provided for all our race. Reader, although the rose may bloom ever so brightly on the glowing cheek, the eye be ever so sparkling, the teeth be those of pearls, if the head is bereft of its covering, or the hair be snarled and shriveled, *harsh* and *dry*, or worse still, if sprinkled with gray, nature will lose more than half her charms. Prof. Wood's Hair Restorative, if used two or three times a week, will restore and permanently secure to all such an ornament. Read the following and judge. The writer of the first is the celebrated Pianist, Thalberg:

DR. WOOD:— NEW YORK, April 19th, 1858.

Dear Sir: Permit me to express to you the obligation I am under for the entire restoration of my hair to its original color. About the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your Hair Restorative, it soon recovered its former hue. I consider your Hair Restorative as a very wonderful invention—quite efficacious as well as agreeable. I am, dear sir, yours truly,

S. THALBERG.

"Drych a'r Gwylledydd."
WELSH NEWSPAPER OFFICE,
113 Nassau st., April 12, 1858.

PROF. O. J. WOOD—*Dear Sir:* Some month or six weeks ago I received a bottle of your Hair Restorative and gave it to my wife, who concluded to try it on her hair, little thinking at the time that it would restore the gray hair to its original color; but to her, as well as my surprise, after a few weeks' trial it has performed that wonderful effect by turning all the gray hair back to brown, at the same time beautifying and thickening the hair. I strongly recommend the above Restorative to all persons in want of such a change in their hair.

CHARLES CARDEW.

NEW YORK, July 25, 1857.

PROF. O. J. WOOD: With confidence do I recommend your Hair Restorative, as being a most efficacious article I ever saw. Since using your Hair Restorative my hair and whiskers, which were almost white, have gradually grown dark; and I now feel confident that a few more applications will restore them to their natural color. It has also relieved me of all dandruff and unpleasant itching, so common among persons who perspire freely

J. G. KILBY.

PROF. WOOD—About two years ago my hair commenced falling off and turning gray; I was fast becoming bald, and had tried many Remedies to no effect. I commenced using your Restorative in January last. A few applications fastened my hair firmly. It began to fill up, grew out, and turned back to its former color, black. At this time it is fully restored to its original color, health and appearance, and I cheerfully recommend its use to all. J. D. HOES.

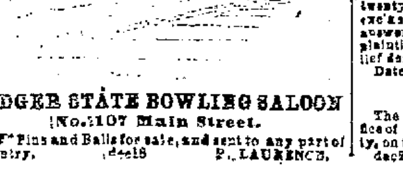

Chicago, Ill., May 1, 1857.

The Restorative is put up in bottles of 3 sizes, viz: large, medium and small; the small holds ½ a pint, and retails for one dollar per bottle; the medium holds at least 20 per cent more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40, or cent more in proportion, and retails for $3.

CONSUMERS of Richardson's Linens, and those desirous of obtaining the Genuine Goods, should see that the articles they purchase are sealed with the full name of the firm,

as a guarantee of the soundness and durability of the Goods.

This caution is rendered essentially necessary, as large quantities of inferior and defective Linens are prepared, season after season, and sealed with the name of RICHARDSON, by Irish Houses, who, regardless of the injury thus inflicted alike on the American consumer and the manufacturers of the genuine Goods, will not readily abandon a business so profitable, while purchasers can be imposed upon with Goods of a worthless character. MEDICAL.

THE GREATEST
MEDICAL
DISCOVERY
OF THE AGE.

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures

EVERY KIND OF HUMOR,
FROM
THE WORST SCROFULA DOWN TO A COMMON PIMPLE.

He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two or three bottles will clear the system of biles.

Two bottles are warranted to cure the worst canker in the stomach.

Three or five bottles are warranted to cure the worst kind of Erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two or three bottles are warranted to cure the worst kind of ringworm.

Two or three bottles are warranted to cure the most desperate case of rheumatism.

Three or four bottles are warranted to cure salt rheum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

ROXBURY, MASS.

DEAR MADAM:—The reputation of the Medical Discovery, in curing all kinds of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful Druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of the diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother,

NURSING SORE MOUTH,

is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to your husband and household.

In the more advanced stages of

CANKER

it extends to the stomach, causing

DYSPEPSIA

which is nothing but canker on the stomach; then to the intestines and

KIDNEYS

creating a sinking, gone feeling, and an indifference even to the cares of your family.

Your stomach is

RAW AND INFLAMED,

your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to

CURE;

Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip-joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases the

PILES.

How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "an ounce of prevention is better than a pound of cure."

In the

MEDICAL DISCOVERY

you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly,

DONALD KENNEDY.
